### WHY I'M FUNDRAISING

Inspired by my fundraising work with SquashBusters (an inner city after school squash and mentoring program) in Boston, I have decided to spearhead a fundraising squash tournament to benefit the emerging squash program at the Y of the North Shore in Massachusetts. Our collective goal is \$100,000 for this event. With 32 participants that comes out to just over \$3000 per person.

### HOW YOU CAN HELP

Each year our Y gives out over \$400,000 to ensure that all kids and families have the ability to take advantage of all the Y has to offer. As a lover of the game of squash, I believe that it's an amazing way for kids to stay healthy, active and learn the importance of hard work and fair play. With your support for the RAISE A RACQUET tournament, you'll be helping ensure that all kids who want to be involved in this sport will be able to do so, regardless of their ability to pay.
